## A Volunteer's Experience

Judy Brown is one of our wonderful Los Gatos. We wanted to share below her recent experience in the LG hospital recently!

Due to an unfortunate experience with Celebrex, I was admitted to the LG hospital and spent 6 days there with 3 of those days in ICU due to an internal bleed caused by Celebrex. While that was traumatic, I was amazed how many of the nurses/staff recognized me as being a volunteer. My first one was Dan at ER who greeted me at the door and said "I know you"!! That made me relax and then there were the ICU nurses and OR nurses that recognized me also which made me feel that I was in very safe hands. (I kiddingly told them I was a "secret shopper").

I only work at the hospital Monday afternoons and felt that no one ever really noticed me but I can attest that they do see us and they repeatedly said how much they appreciated all of us for what we do.

## President's Message

Dear Friends, time seems to be zipping by so quickly. I miss seeing you and your smiling faces around the hospital.

I have some good news to share. I heard from Administration that the Escort office in Mountain View may return to service! They will start volunteering with reduced hours this Monday March 15<sup>th</sup> from 10:00 a.m. to 2:00 p.m. Monday – Friday. Mother Baby, Endoscopy and Java Junction will also open soon and LG volunteer services are slated to resume in April.

Many thanks for your patience as we sat out the lockdowns and waited for the all clear to return. Continue to take care of yourselves.

### What a great poem by the late Spike Milligan about smiling

Smiling is infectious  
You catch it like the flu  
When someone smiled at me today  
I started smiling too  
I walked around the corner  
And someone saw me grin  
When he smiled I realised  
I had passed it on to him  
I thought about the smile  
And then realised its worth  
A single smile like mine  
Could travel round the earth  
So if you feel a smile begin  
Don't leave it undetected  
Start an epidemic  
And get the world infected.

Oh the wonderful way you'll feel, you hear?  
If you just go out and volunteer...

A bird... a worm... a guzzle-bivvit,  
Could all use some help if you'll just give it;

You might say "No! Not!! No Way!"

"I've nothing to give - not today anyway!"

But you'll see if you look deep inside of you,

You've lots to give!

It's true! You do!
